Eric,

Final agenda with list of attendees attached. I think we can get through the agenda in three hours, so say start at 8:30 am MDT and aim to finish by 11:30 am. I find that having a limit on time leads to a more focused and productive meeting. What are your thoughts on this.

Bob

Eric,

I will be able to give you a list Monday end of business day. Would you let me know who will attend on Hilcorp's behalf?

Thanks,
Bob

Thank you, Bob

I just talked with my client. For planning purposes they are curious what EPA's window of availability is on the 10th, assuming a start time of 8:30? Can you let me know and then hopefully we can lock this meeting in?

Thanks

Subject: RE: Hilcorp FOV/NOV conference and CAA 114 call

Hello Eric,

Attached is the signed CBI disclosure letter which reflects your recent edits. Please execute the concurrence line and send back to me. I appreciate Hilcorp's cooperation on the CBI matter.

This is also to confirm the FOV/NOV conference at NMED Headquarters, Santa Fe on April 10th.

Ex. 7(E)

Ex. 7(E)

Ex. 7(E)

I suggest we use the in-person meeting in Santa Fe for several purposes: the FOV/NOV conference, a discussion of the EPA's CAA 114 information request, and a discussion of other issues Hilcorp would like to raise regarding Subpart OOOOa regulations and their interpretation. As to the latter, please provide a list of issues prior to the meeting to help focus the discussion. I conferred with NMED counsel, Andrew Knight, and confirmed that we can start the meeting at 8:30 MDT to allow ample time to discuss the broader range of topics. You refer to issues that may go outside Hilcorp's New Mexico operations, and in that case we can take up the a discussion as between Hilcorp and the EPA in a follow-up meeting on April 10, time permitting, or on a later date.

Thank you,

Bob

Subject: Hilcorp FOV/NOV conference and CAA 114 call

Hello Eric,

The EPA and NMED are available on either April 10 and April 11 from 8-10:45 MDT and 1:00-2:45 MDT. Either Albuquerque or Santa Fe, NM would work as a location for the conference. I checked with NMED and EPA about Hilcorp's request to have a meeting in Washington, DC, or Dallas. Based on responses, it would be best if the conference takes place at NMED's Santa Fe or Albuquerque office. Please let me know which of these dates and locations work for Hilcorp.

On the follow-up CAA 114 information request, the EPA is available to talk on April 4 at 12:00 – 1:00 EDT (10:00 – 11:00 MDT) via a conference call. Ex. 7(E)

Ex. 7(E)

Ex. 7(E)

It might help make the most productive use of the call if in advance Hilcorp could identify for the EPA specific sections of the CAA 114 letter and let us know what questions Hilcorp has. I leave that to you to decide. You brought up an extension of the timeline for the response, and in that regard Hilcorp should let us know which requests require more time than provided under the current 30-day timeline and we can go from there. Lastly a word on attendees. The EPA will have technical staff on the call, including Daniel Hoyt, and also I am planning on joining, primarily in a listening mode. I want to extend an invitation to NMED to join as well. If there are discussion Hilcorp would like to have about oil and gas operations in locations outside NM, let me know and we can plan on a having that part of the discussion separately.

Bob
